Notice 1: Cable Assembly Set Procurement

SAM.gov Notice ID: N0010424QNA75 | Agency: Naval Supply Systems Command (NAVSUP)

Notice Type: Request for Quotation (RFQ) | Department: NAVSUP Weapon Systems Support (WSS)

Posted Date: 2026-02-14 | Response Deadline: 2026-03-15

Source URL: https://sam.gov/opp/N0010424QNA75

Description:

This contract/purchase order contains the requirements for manufacture and the contract quality requirements for the CABLE ASSEMBLY SET, NSN 7HH 5995 015865772 reference number 7339969. This procurement requires a higher level contract quality system IAW ISO9001 or MIL-I-45208. This procurement requires certification to NAVSEA S9320-AM-PRO-020/MLDGR2 prior to award. Suppliers must ensure compliance with all packaging, packing, and marking requirements as specified by NAVSUP-WSS contracting points of contact.

Notice 2: Centrifugal Pump and Valve Overhaul Support

SAM.gov Notice ID: N0010425RSD73 | Agency: Naval Sea Systems Command (NAVSEA)

Notice Type: Solicitation (Commercial Products) | Department: NAVSEA / NAVICP-MECH

Posted Date: 2025-12-12 | Response Deadline: 2026-01-15

Source URL: https://sam.gov/opp/N0010425RSD73

Description:

This contract/purchase order contains the requirements for manufacture and the contract quality requirements for the PUMP, CENTRIFUGAL. The centrifugal pump furnished under this contract/purchase order shall be the design represented by Cage Code 96046, reference number 082681MP. This item shall be physically identified in accordance with MIL-STD-130, REV N. Except for a Code 1 change (part number change only where parts are completely interchangeable), no substitution of items shall be made until the Contracting Officer has given approval by issuance of a written change order. The Contractor is responsible for the performance of all inspection requirements and shall maintain complete inspection records for a period of 365 calendar days after final delivery.

Notice 3: AN/SLQ-32 Radar Warning Receiver Maintenance and Support

SAM.gov Notice ID: FA850126R0012 | Agency: Department of the Air Force

Notice Type: Solicitations (Combined Synopsis/Solicitation) | Department: Air Force Materiel Command (AFMC)

Posted Date: 2026-02-01 | Response Deadline: 2026-03-01

Source URL: https://sam.gov/opp/FA850126R0012

Description:

The Air Force Life Cycle Management Center (AFLCMC) issues this solicitation for depot-level maintenance, software patch verification, and component overhaul for the AN/SLQ-32 Radar Warning Receiver system. Contractors must maintain an active facility clearance at the Secret level and comply with cybersecurity maturity model certification (CMMC) Level 3 requirements. All repair parts must be certified original equipment manufacturer (OEM) equivalents with complete traceability documentation.

Notice 4: Handheld Tactical Manpack Radio Systems

SAM.gov Notice ID: W911QX26S0045 | Agency: Department of the Army

Notice Type: Sources Sought / RFI | Department: Army Contracting Command (ACC-APG)

Posted Date: 2026-01-20 | Response Deadline: 2026-02-25

Source URL: https://sam.gov/opp/W911QX26S0045

Description:

The U.S. Army Contracting Command - Aberdeen Proving Ground is conducting market research to identify capable vendors for next-generation ruggedized handheld tactical manpack radio systems. Requirements include frequency hopping spread spectrum (FHSS) capabilities, AES-256 encryption, waterproof submersible housing up to 2 meters for 2 hours, and interoperability with existing Joint Tactical Radio System (JTRS) architecture. Small business participation is strongly encouraged under NAICS code 334220.

Notice 5: Bulk Petroleum Transfer Fuel Hoses and Couplings

SAM.gov Notice ID: SPE7M126W8890 | Agency: Defense Logistics Agency (DLA)

Notice Type: Request for Quotation (RFQ) | Department: DLA Troop Support - Construction & Equipment

Posted Date: 2026-02-10 | Response Deadline: 2026-03-10

Source URL: https://sam.gov/opp/SPE7M126W8890

Description:

The Defense Logistics Agency Troop Support requires the procurement of heavy-duty petroleum transfer fuel hoses, 4-inch diameter by 25-foot length, equipped with aluminum cam-and-groove quick-disconnect fittings. Hoses must conform to military specification MIL-H-2896C and withstand working pressures up to 150 PSI at operating temperatures ranging from -25°F to 130°F. Delivery destination is Defense Distribution Depot San Joaquin, California.
